

Rival Priorities

Gaining Tech

1. Tech with 2 VP tile closest to current progress track position.
2. Tech from current progress track position.

Gain all rewards *except* Probe Launch and 2 Data.

Probe Launch

Can only have 1 Probe in play at a time.

Orbiter / Lander

1. Moon lander if Rival can discard an Orange tech (choose right- or left-most with decision arrow).
2. Empty Orbiter / Lander space (break ties using card priority).
3. Occupied Orbiter / Lander space using card priority.

Life Traces

1. Lowest available space for the given Trace (break ties with the decision arrow).

Telescope

1. Win a sector.
2. Score points in a sector.
3. Sector where they have the most markers.

For any ties, choose the larger sector.

Computer

Fill the computer immediately when data is available.

Milestones

1. Use the decision arrow to claim the first available slot from the left/right-most tile.

The Rival gets no points for gold scoring tiles.

Rival Passing

1. Discard 1 random card from End-of-round stack and gain 1 Progress.
2. Rotate the solar system if they pass first.

Objectives

- Collect and refresh completed objectives at the end of your turn (there are always 3 available).
- Discard 1/2/3/4 completed objectives at the end of rounds 1/2/3/4. The Rival gains 3 progress per objective not discarded.
- At the end of the game, the Rival gains 5 VP per incomplete objective.

Mark this task when you reach 16 points. If you already have 16 or more, mark it immediately.

Mark this task when you have at least 5 data tokens in your data pool. If you already have 5 or more, mark it immediately. (Tokens on spaces in your computer do not count.)

Mark this task when you reach 9 publicity. If you already have 9 or more, mark it immediately.

Mark this task when your probe visits asteroids. (The visit must occur after you reveal the task.)

Mark this task when your probe visits a comet. (The visit must occur after you reveal the task.)

Mark this task when you play a card costing exactly 3 credits. (It must be played for its effect, not its free action.)

Mark this task when you complete a mission. (This must occur after you reveal the task.)
